## Our goals in the semester JUNE / DECEMBER 2018

1

GET YOUR MEMBERSHIP! The Chamber has recently opened and hereby a testimonial of a member of the Chamber, who is having results. Reasons to become a member of the Chamber. Results to be seen below:

CAPOSA is a 100% Salvadoran company, which has been in the ornamental export business since 1985. Our main export product is the SCHEFFLERA MINI ARBORICOLA, followed by a variety of tropical plants, such as POLYSCIAL, CROTONS, DRACAENAS and CORDYLINEs. We actually export to USA, Canada, and Germany (through Schiphol Airport).

Even though we have exported to Netherlands previously, we look forward on achieving new clients through the recently established BILATERAL CHAMBER OF COMMERCE EL SALVADOR - HOLLAND. In the few months since the Chamber has been working, we have been contacted by two potential clients, requesting information about our products, and we look forward for more to come. This gives us a good feeling that we will have successful sales with Dutch companies in the near future.

Best Regards,
